

## Fast Tomato Lesson Outline: After Work Experience

NB. Students must have already created a TARGET for WORK EXPERIENCE (see lesson outline on Preparing for Work Experience).

<u>Student Activity</u>	<u>Discussion points/Notes</u>
Go to <a href="http://www.fasttomato.com">www.fasttomato.com</a> and LOG IN.	
Go to MY TARGETS. Find the target previously created for your work experience.	<b><i>What sort of targets did you set yourself for WORK EXPERIENCE?</i></b>
Click "MY REVIEW" and complete a review, giving details of what you achieved, and any further comments.	<b><i>How well did you get on in achieving your WORK EXPERIENCE target?</i></b>  <b><i>Has this experience affected your decision on your future career options?</i></b>
Discuss within groups, which were the 5 most important skills needed for the jobs you found out about or did on work experience. Build up a whole class list of skills on the board. Get everyone to vote for what they believe are the most important skills for every employee.	<b><i>Which SKILLS were the most important for the jobs you did on work experience?</i></b>
<b>EXTENSION ACTIVITY/ HOMEWORK</b>  Write letters of thanks to Work Experience providers explaining how you benefited and the skills you plan to develop further.  Discuss your ideas with your friends and family/carers.
